

# Hoërskool Marais Viljoen High School

25 January 2019

Dear Parent / Guardian

## **CIRCULAR 2 (2019)**

### **1. GRADE 11 and 12 PARENTS' MEETINGS**

These very important meeting will take place on 31 January 2019 - at 18:00 for grade 11 parents and at 19:00 for matric parents - in the hall. On the agenda is:

Grade 11 meeting:

- Information concerning SBAs – portfolios and tasks – for each subject will be provided.
- Maths is compulsory when a learner takes Physical Science.

Grade 12 meeting:

- Information concerning SBAs – portfolios and tasks – for each subject will be provided.
- Maths is compulsory when a learner takes Physical Science.
- The Matric Farewell

A number of tertiary institutions have been invited to provide you with information of what each of them offers. They will be in the Gym hall from 17:00 – 18:45. Please make use of the opportunity. Your grade 12 child is welcome to visit the exhibition. However, they cannot attend the meeting as we have a seating (space) problem.

### **2. GR 8 “WALK IN CEREMONY” – MONDAY 28 JANUARY**

On Monday morning, 28 January, our traditional “Walk in ceremony” – through the fountain at the front of the school – will take place. The day will start with the presentation of the Grade 8 learners in front of the school after which they will walk through the fountain (towards the main building) to start a new era in their lives.

In 2023 these grade 8 learners will walk out through the fountain (away from the school) when they enter the "adult world".

### **3. SECURITY REGARDING ENTRANCE TO AND EXIT OF THE PREMISES**

- It is a departmental (GDE) requirement that all visitors must sign in, at the gate, when entering the school premises.

It is the duty of our security guards to ensure that parents and other visitors complete the visitor register. Many parents and visitors refuse to do so, however, parents should realise that this measure is necessary to ensure the safety of everyone on the school premises.

Your co-operation would be highly appreciated in this regard.

- Learners have to remain on the school grounds once they have entered. They may not leave before the end of the school day, unless they are signed out.

After school learners may leave the school grounds from the top gate in Cradock Street only, until 14:30. The main gate will not be open for learners to leave the school at the end of the day. After 14:30 they may only leave the school premises from the Seeger gate. All other gates will be closed.

#### **4. PERSONAL BELONGINGS AT SCHOOL OR AT SCHOOL ACTIVITIES**

Learners who bring personal belongings e.g. cell phones or bicycles, to school or any school activity do so at their own risk. If it gets lost the school cannot be held liable.

#### **5. RECYCLING FUNDRAISING PROJECT**

We request all our parents to send newspapers, magazines, office paper, school books (plastic cover removed), telephone directories, cereal boxes, toothpaste and folded brown boxes to school to be placed in the Green Mpact container. The container is situated at the top gate (next to the house on the school grounds). No dog food bags, cement bags, paper covered with plastic, plastic bags and bottles, sweet wrappers or chip packets may be placed in the container. The more paper we collect, the more money we'll receive.

#### **6. MAKRO REBATE PROGRAM**

You undoubtedly know of the Makro branch here in Alberton. Our school can be part of a rebate program which works as follows:

- Parents' cards are connected by an internal number.
- Rebate to the school is calculated on the profit of sales – which is connected to the cards of our school's parents.
- The profit is calculated bi-annually – from January to June and from July to December.
- The profit is calculated on a sliding scale between 10% and 25%.

If you are interested in being part of the program, please collect a form from the general office and have it returned as soon as possible.

Should you already own a Makro card, which is not connected to the school, you are requested to complete an application form again so that the card you are using can be connected to the school.

#### **7. MARAIS VILJOEN FACEBOOK PAGE**

Our parents and learners are requested to use only the official Facebook page. To help you find the correct page, we provide a copy of the logo.

#### **8. ROBOTICS**

There will be an information evening and exhibition for parents and learners on 30 January at 17:30 in the Martie Heystek building. We invite anyone who may be interested to join us.
